The screenshot shows the MCS PPSA software interface. At the top, there is a 'Filter By:' dropdown menu set to 'Clients'. Below it are four buttons: 'Registered' (green), 'Pending Deregistration' (red), 'Pending Registration' (orange), and 'All' (blue). A search box is located to the right of these buttons. Below the filter buttons is a blue header bar with the text 'Drag a column header and drop it here to group by that column'. The main content area contains a table with the following columns: Customer Name, Code, Registration Status, and Action. The table lists several customers with their respective codes and registration statuses. For example, '(CASH) BALLAJURA MALAGA ROTARY CLUB' has code BALL001 and status 'PENDING REGISTRATION'. The 'Action' column contains buttons for 'Deregister' or 'Register' depending on the status. Below this table is another table with columns: Contract Number, Date, Depot, Registration Status, and Action. This table lists various contracts with their dates, depots (mostly Malaga), and registration statuses. For example, contract 36465 is dated 20/06/2011 and has a status of 'PENDING DEREGISTRATION'. Below this is a third table with columns: Contract Code, Name, Serial Number, Registration Status, and Action. This table lists specific contract codes and names, such as 'PORTABLE TOILET 0100' and 'DOUBLE DOOR SHED', with their serial numbers and registration statuses.

MCS have designed this tool to help our clients register their security interest. Hire companies need to seek their own legal advise as to how the PPSA will effect their business practices and what they will need to register on the site.
